SECTION 01 / 16 · ICE BUCKETS & TUBS

BUILT FOR THE FLOOR

From a 1L table-top tin to a 25L sharing tub, every bucket here takes full-colour branding — offset print on tinplate, epoxy coating on metal, IML or screen print on plastic. Metal holds temperature longest; plastic and acrylic carry the sharpest print detail.

SERVICE, CHILLED

Single-bottle coolers keep wine at temperature without ice; champagne buckets and bowls are built for ice service at the table. Double-wall plastic insulates longest — polished stainless makes the premium statement.

Custom branding

Pad print, screen print, laser etch, emboss and full-colour wrap on every item in this catalogue.

Local & import

SA-held stock for speed, Guangzhou factory lines for scale — one order, one invoice, one delivery.

JIMBU Studio

In-house design, POS and campaign support so the barware lands as part of the bigger brand story.
